

Calling all Science Teachers Take part in an ISE competition and win a trip to Greece!

Now in its final year, the [Inspiring Science Education \(ISE\) project](#) is organising two major events; the [Inspiring Science Education conference](#) on 22-24 April and the [Inspiring Science Education Summer Academy](#) on 10-15 July. Enter one of the three ISE educational contests and win a chance to take part in one of these events.

- The [ISE Scenario Competition 2015-2016](#), highlighting excellence in the creation of learning scenarios based on the tools, resources and materials available in the [Inspiring Science Education Portal](#). The deadline for submission of entries is **4 March 2016**. Up to 5 finalists will receive full scholarships to attend the ISE Conference in Athens in April 2016. [The winning teacher](#) will receive educational hardware & software for their school from [Vernier](#), providers of distinguished interfaces, sensors, software, and curriculum.
- The [Eratosthenes Experiment Online Lesson Contest](#): Join our [Eratosthenes Experiment Community](#), view and copy the Eratosthenes Experiment lesson (for Elementary or High school), run the lesson through our Inspiring Science Education platform and win a chance to take part in the [2016 ISE Summer Academy in Athens](#) in July. Submission takes place automatically with the completion of the lesson. Run your lesson between 21-30 March. The winner will be selected by draw!
- The [Eratosthenes Photo Contest](#): Take a photo of the experiment or the work behind it or a creative snapshot of those involved in the experiment and win a chance to take part in the [2016 ISE Summer Academy in Athens](#) in July. The deadline for submitting your photo is **10 April 2016**.
